JCPenney Diamond Trade-In

We offer a trade-in program on JCPenney diamonds that are 1 carat or more. You can trade your diamond and get full credit for the purchase when you trade it to a new, more expensive diamond. As you own your JCPenney diamond, just call toll free 1-800-222-6161 for more information.

How to find your ring size: Wrap a narrow piece of paper around the knuckle of the finger where ring is to be worn. Pull snugly! Cut paper where ends meet. Lay paper on chart at point 'A'. Number at other end is your ring size. If between sizes, order half size.

Penney Pointer On Children's Flame-Resistant Sleepwear.

Flame-resistant sleepwear is more resistant to catching fire than ordinary sleepwear. Flame spreads more slowly when the source of the fire is still in contact. The flame is either self-extinguishing or easy to extinguish by brushing, slapping or smothering. Federal law sets flame-resistant standards for children's sizes 0-14. Our sleepwear meets those standards.

How To Find Your Glove Size

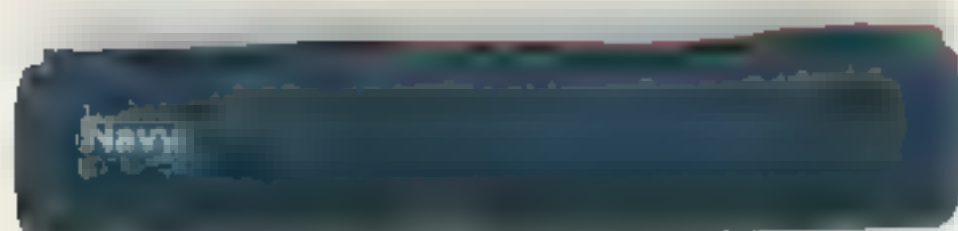

Measure around the fullest part of hand excluding the thumb. Number of inches determines the size.

Stafford® Sport Performance Thermal Underwear. Soft, low-pilling fabric electrostatically draws moisture away from the body to keep you dryer and warmer in cold temperatures. Available in three shape-retaining weights that fit body contours, enhancing the thermal barrier and providing maximum warmth with minimum bulk. Use the chart below to choose the thermal weight that's right for you. Washable. USA.

Fabric	Activity	Climate	For

HOW TO MEASURE FOR FIREPLACE ENCLOSURES

Order enclosures for masonry fireplaces only. Be sure there are no obstructions or archways on the front of fireplace. Protruding bricks, mantel or damper control will prevent a flush fit for a good seal. Use a rigid ruler and measure inside width and height of opening. Select the size that is closest to fire box dimensions. **Unassembled** order unless measurements fall within the size range stated in charts. Fire screen will fit outside of opening—we have provided the correct overlap.

Engineered wood is a furniture grade particleboard and medium density fiberboard that is extremely durable, warp-, crack- and split-resistant. It is made from hardwood trimmings and other wood products left over from milled lumber and plywood. Because this reclaimed wood was formerly burned, it is environmentally responsible.

getting it delivered

When you place your order, tell us where you'd like it delivered and we'll tell you when to expect delivery—usually it's in 2 to 3 working days. You can pick up your order at your nearest JCPenney Catalog Department. Most items also can be shipped by UPS or Parcel Post anywhere in the USA. Usually, UPS will ring your doorbell, then leave the package in a sheltered area. If this is not convenient, ask for Parcel Post or pick up at a Catalog Department.

**pick up your order
or have it delivered**

Items with a "C" in the middle of the number (for example: X 000C0000 A) cannot be shipped by UPS or Parcel Post. You can pick them up at a Catalog Department or have them delivered by truck. Pick up in the store is usually less expensive than trucking.

**items too big for
UPS or Parcel Post**

If you're considering having an item trucked, we'll tell you how much it will cost when you place your order. You will need to be home to accept delivery, so please let us know where we can call you to arrange delivery. The driver will move the item into a garage or sheltered area, but he is not responsible for unpacking, moving the item within your home or setting it up.

delivery by truck

Items shipped directly from the factory take extra time and the merchandise description gives the estimated delivery time. Most are sent by UPS directly to you. If a factory-shipped item must be delivered by truck, the cost is 48¢ ■ pound with a minimum charge of \$69.

**factory-shipped
items**

Mailable items (generally those weighing less than 70 pounds) can be shipped to Alaska, Canada, Hawaii, Puerto Rico, APO/FPO addresses, the American Virgin Islands, Guam and other Marianas Islands. For shipping options, review the enclosed insert or call or write to Customer Service (page 475). In Alaska, Hawaii, Puerto Rico and the Virgin Islands orders also can be picked up at a Catalog Department.

**delivery outside the
continental USA**

shipping-and-handling rates

Prices listed in this catalog do not include shipping-and-handling charges to deliver your order, unless otherwise stated. All weights and sizes listed in the catalog are approximate. Charges are calculated based on the actual weight of the order, including packaging. Use the chart below to estimate the charges for your orders. Rates may be changed at any time.

Prices in this catalog are in effect from August 24, 1996 to February 18, 1997. Some items are at reduced prices with a cut-off date of December 31, 1996. The cut-off date is noted in the description. Toys, jewelry and other items with XU in the catalog number are available until August 2, 1997, at prices indicated.

Price comparisons for items on "sale," "no lower price this season" and "priced down" are based on original prices in other JCPenney Catalogs, not on prices in our retail stores or Catalog Outlet stores. For example, a headline that states "No Lower Price This Season" means that the designated item will not be offered at a lower price in a JCPenney catalog within the same season. Some items may be offered in overstock clearance catalogs. Value Right items are not eligible for discounts or sales.

Because we do business in all 50 states, we are required by law to collect all state and local sales and/or use taxes based on the destination of the order. Orders mailed to APO/FPO addresses are not subject to sales and use taxes. Note: Many states also tax the shipping charge you pay on orders.

TAX RATES ARE SUBJECT TO CHANGE AT ANY TIME.

We try our best to fill all orders. Sometimes we underestimate demand and cannot get more in stock. We'll let you know if an item is no longer available. We also reserve the right to limit quantities based on merchandise availability.

In Texas - APR is based on and varies with the TX Market Competitive Rate that is determined by the Consumer Credit Commissioner in September of each year and applies from the following October 1.

Grace Period—No finance charge if there is no balance from the previous billing period or if billed balance is paid in full within 25 days of the billing date.

Balance Computation Method—In MA, ME, MN, MT, NE and NM: Average daily balance method (excluding current purchases). All other states and DC: Average daily balance method (including current purchases).

Late Payment Fee—For the states listed below, we may assess a late payment fee for each required payment (excluding any insurance premium, returned check fee, and previously assessed late payment fee) that is not received from you within two consecutive billing periods. If you live in CA, FL, KY, MT, or OH, the late payment fee is 5% of the late payment, but not more than \$5.00 (\$3.00 in OH, \$10.00 in MT). In MA, the late fee is 5% of the outstanding balance when the payment was due, but not more than \$5.00. In ID, LA, MI, MO, NE, NC, SD, or TN, the late fee is \$5.00; the late fee is \$4.00 in SC. In CO, DC, GA, IA, IL, IN, MD, MN, MS, NV, NH, NJ, NY, OK, OR, PA, RI, TX, UT, VA, WA, WI, or outside the U.S. (except P.R.), the late fee is \$10.00. In AZ and KS, the late fee is \$5.00 on past due payments of \$25.00 or less, \$10.00 on past due payments over \$25.00. This fee will be added to your required payment, but will not be subject to any finance charge.

Information About You and Your Account—We may share information about you with a member of JCPenney's family of companies or in activities conducted by the JCPenney family of companies.

Credit Bureau Reports—To check the information on your application, we may get a report about you from a credit bureau. When you have an account, we may get a credit report to update our records or to decide whether to give you additional credit. Ask us and we will tell you if we requested a credit report and give you the name and address of the credit bureau.

This disclosure of our credit terms is accurate as of June 1, 1996. To find out about changes that were made after that date, write to the JCPenney Credit Department, P.O. Box 300, Dallas, TX 75221.

For credit inquiries, check the toll-free number on your statement.

Major Purchase Charges—For lower monthly payments, we offer our Major Purchase option. You may charge selected non-apparel items and bridal apparel. Call us at 1-800-222-6161 for details. A minimum purchase requirement of \$200 applies to a total order, including shipping, handling, and sales tax.

Penney Pointer about Skates

Wheels are described in terms of wheel diameter and durometer. Durometer is a measure of hardness. The softer the wheel (lower number), the better it grips the road; the harder the wheel, the longer it will last. Bearing quality rates from good to best in this order: 608Z, 608ZB, Semi-Precision, Precision, ABEC 1, ABEC 1-AA, ABEC 3. The better the bearings, the faster the skates.

CONSTRUCTION

A color illustration of a village scene. In the foreground, a river flows from the left towards the center. On the right bank, there is a large, light-colored building with a prominent arched entrance, possibly a church or a school. To the left of this building, there are several smaller, colorful houses with red and blue roofs. A few figures are visible near the riverbank. The background shows a hilly landscape under a blue sky with some clouds. The overall style is that of a children's book illustration.

A photograph of a large, ornate building, possibly a hotel or a government building, with a sign that reads "HALL". The building has a classical architectural style with a central entrance and a large dome. The image is somewhat blurry and has a warm, slightly faded color palette.
